

Presentation Assignment

Each group will have three members. Please try to find your group member by yourself firstly via a shared google doc:

<https://docs.google.com/spreadsheets/d/1gkyApJJqr8YP4r461WBqXUIH1X7gs4K8jBGocIXvrgg/edit?usp=sharing>. Alternatively, if you can't find your teammate, you can send an email to TA (*wrang@uncc.edu*). for coordinating group member as soon as possible. Note: The deadline for self-grouping is September 15, 2019. After the deadline, you will be assigned to a group by TA automatically. Each group will give a 20-minute presentation in the classroom. You can select many interesting presentation topics related with computer networks, such as new technology, interesting project, research work, published paper and so on. Some relative paper would be provided later for your presentations. We will release the presentation schedule on September 29, 2019.

In the presentation, the questions you should answer include the following:

1. What is the primary objective of the research/project and what are motivations?
2. What are the specific research problems/issues addressed in the paper/project/work, and what are the primary methodologies? how much you understand the problem formulation and methods? What are your opinions on and reactions to the problems/issues and the research methodologies?
3. What are the primary contributions? What you like the work most, and what you do not like the work most? Why?
